

# Plumbing Plan Submission

All plumbing plans for commercial and multi-family building projects must be pre-approved by the Division of Plumbing before a plumbing permit can be issued.

## Submittal Requirements

Three (3) completed Plan Application Forms

Three (3) sets of plans containing a site utility plan, all floor plans, plumbing isometric riser diagram of the drain, waste & venting system and 4 sets of plans for pool submittals

“ANY FOOD SERVICE REQUIRES ONE ADDITIONAL PLUMBING PLAN TO BE INCLUDED”

All Plumbing Plans shall first be submitted directly to the Environmental Office at the county health department for local approval.

**Hardin**
